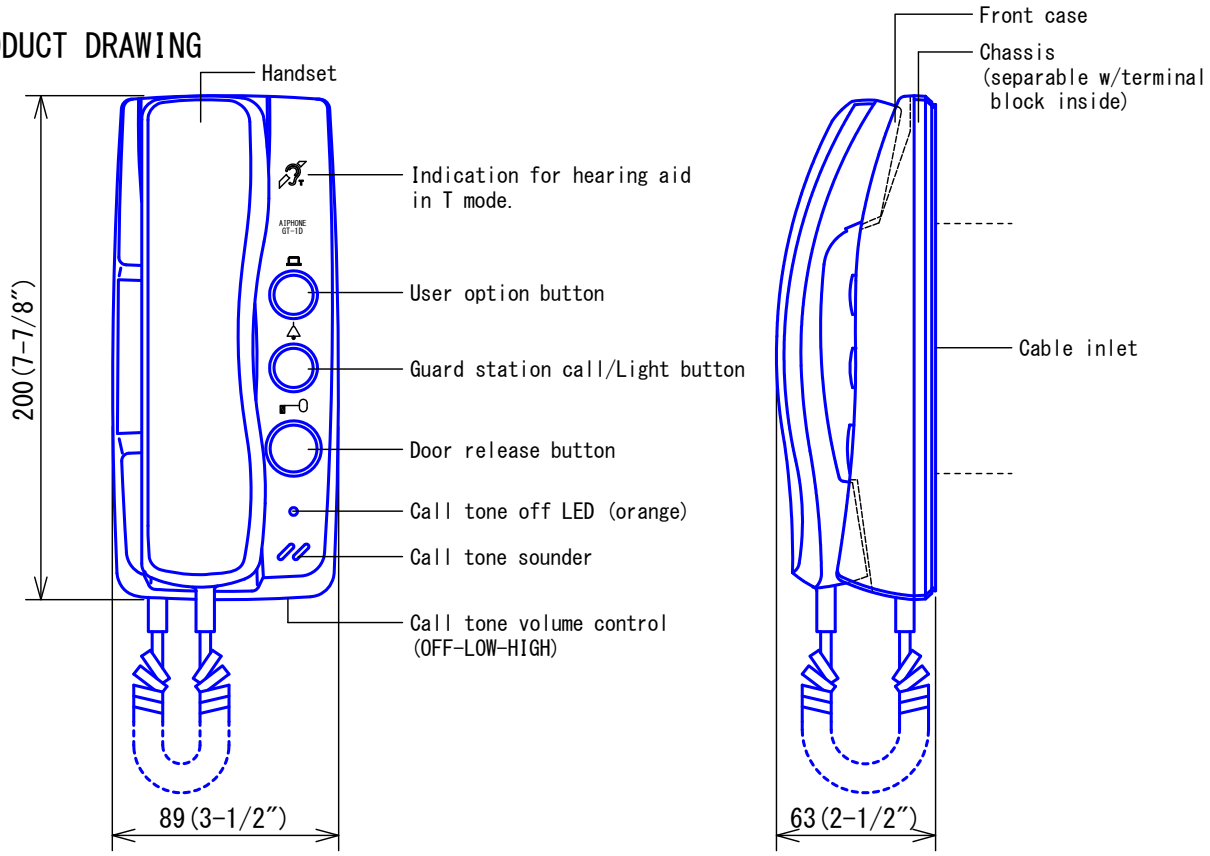
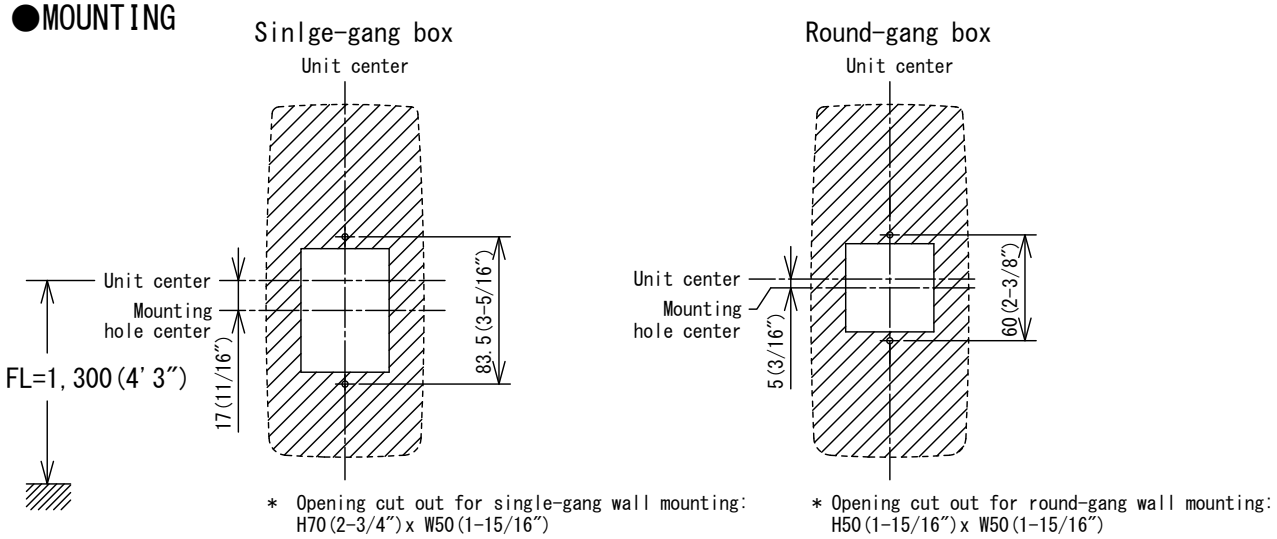
■PRODUCT DRAWING



●MOUNTING



＊ Opening cut out for single-gang wall mounting: H70 (2-3/4″) x W50 (1-15/16″)

＊ Opening cut out for round-gang wall mounting: H50 (1-15/16″) x W50 (1-15/16″)

■SPECIFICATIONS

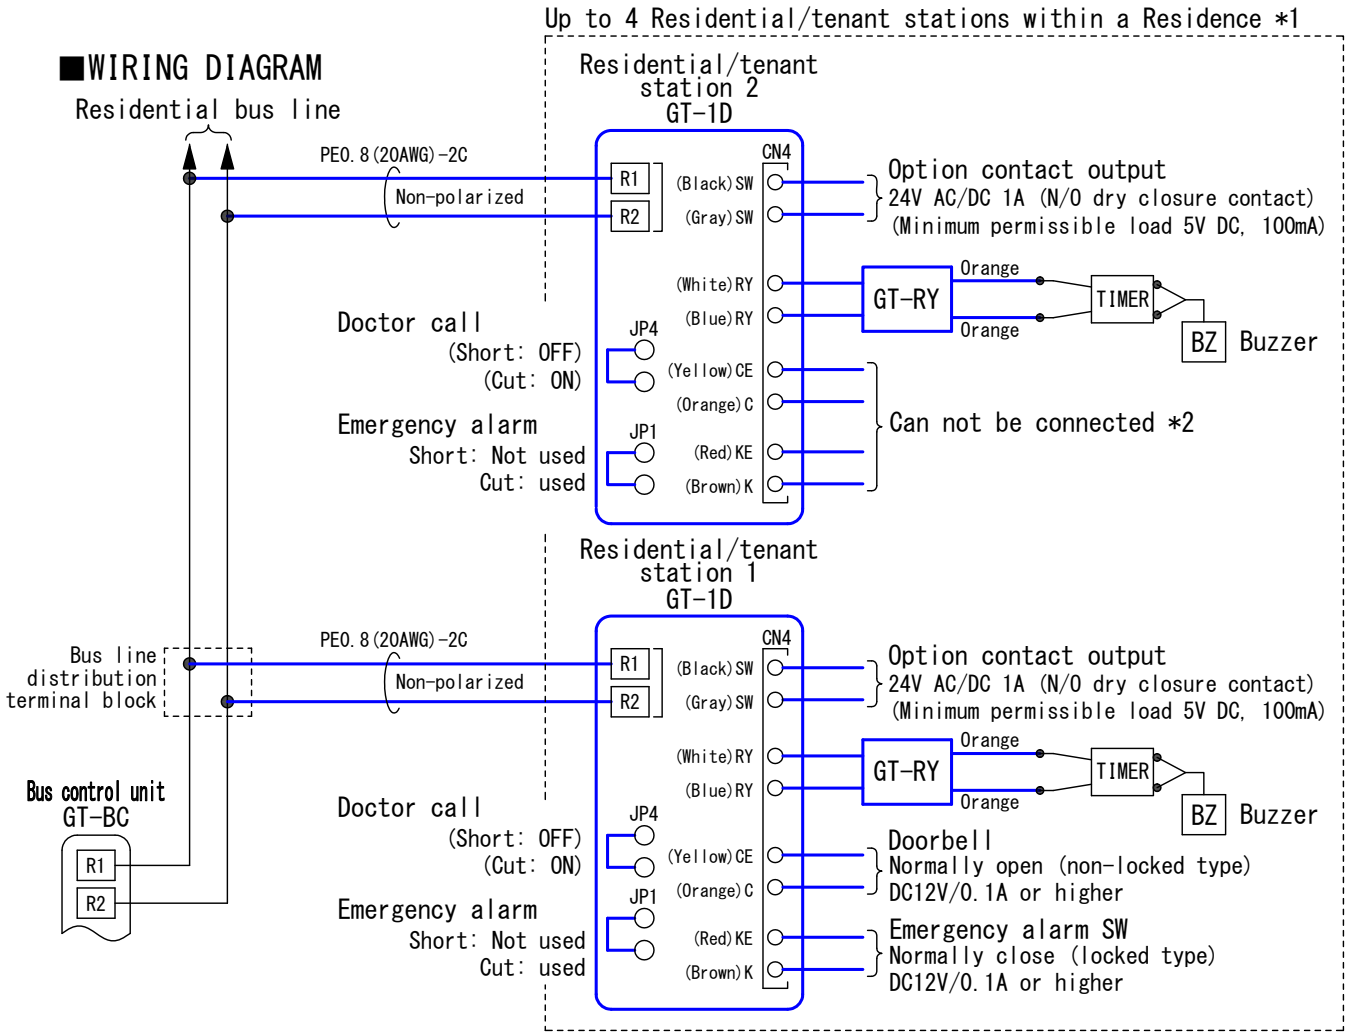
Power source	Supplied from GT-BC
Type of communication	Simultaneous with handset
Ambient temperature	0～40℃ (32～104° F)
Mounting	Surface wall-mount
Electrical box	Single-gang box
Material	Self-extinguishing ABS plastic
Weight	330g (approx.) (0.73 lbs)
Unit color	Egg white (5Y9/0.2 Munsell Approximation)
Capacity	Doorbell: 1

DESCRIPTION	FIG. NAME	UNIT	DATE
RESIDENTIAL/TENANT STATION (Handset)	PRODUCT/SPECIFICATIONS	mm	11 July, 2017

MODEL NO.	FIG. NO.	PAGE	REVISION	
GT-1D	G57653-1-2	1/2	2	AIPHONE

9068E

■WIRING DIAGRAM



*1: When installing two Residential/tenant stations within a Residence, extend 2 wires from the Bus trunk line. And have the same number programmed at each Entrance station and Guard station. (No communication between the Residential/tenant stations)

*2: One Doorbell only allowed for either Residential/tenant station (not both).

PE: Polyethylene-insulated PVC jacket cable

■RESTRICTIONS

- Max. distance of 300m(980') from the Bus control unit (GT-BC) to the farthest Residential/tenant station.

■FUNCTIONS

- Receiving a call and communication with Entrance station.
  ・Activating door release with Door release button.
- Light control available when receiving a call from Entrance station.
- Calling and communication with Guard station, both ways.
- Receiving Emergency alarm. (Emergency call tone sounds and transfer is made to Guard station.)
- Alarm sound and transfer to Guard station triggered by broken wire.
- Receiving a tone call from Doorbell at the door.
- Setting for a doctor call; Cut off a jumper(JP4) on the PC card inside of GT-1D. Press Security guard CALL/Light button on GT-1D to be set. Call tone off indicator blinks for 0.5 sec. every 2.5 sec. User-optional feature using SERVICE button, such as turning on/off light, elevator control, etc.

■SETTING

- Adjusting call tone volume (OFF - LOW - HIGH) with Call tone volume control (When the switch is put to OFF position, the tone-off blinker notifies.)
